

Ol' Chap

To the one who knew how to guide
those of us who have hurt and sorrow we can't hide

You taught us with love and you understood
as only another who'd walked in our shoes could

You lead us forward with strength and love
with a little guidance from above

You gave us reason to believe
your faith and joy we did receive

You gave our children hope and a voice
you opened closed doors where they before had no choice

Our hope was turned into a goal
Our families, once again whole

To Keith, our friend, who leaves a huge gap ~
Well done! Well done, Ol' Chap!
